

— 9 MONTHS OF RECEIPTS

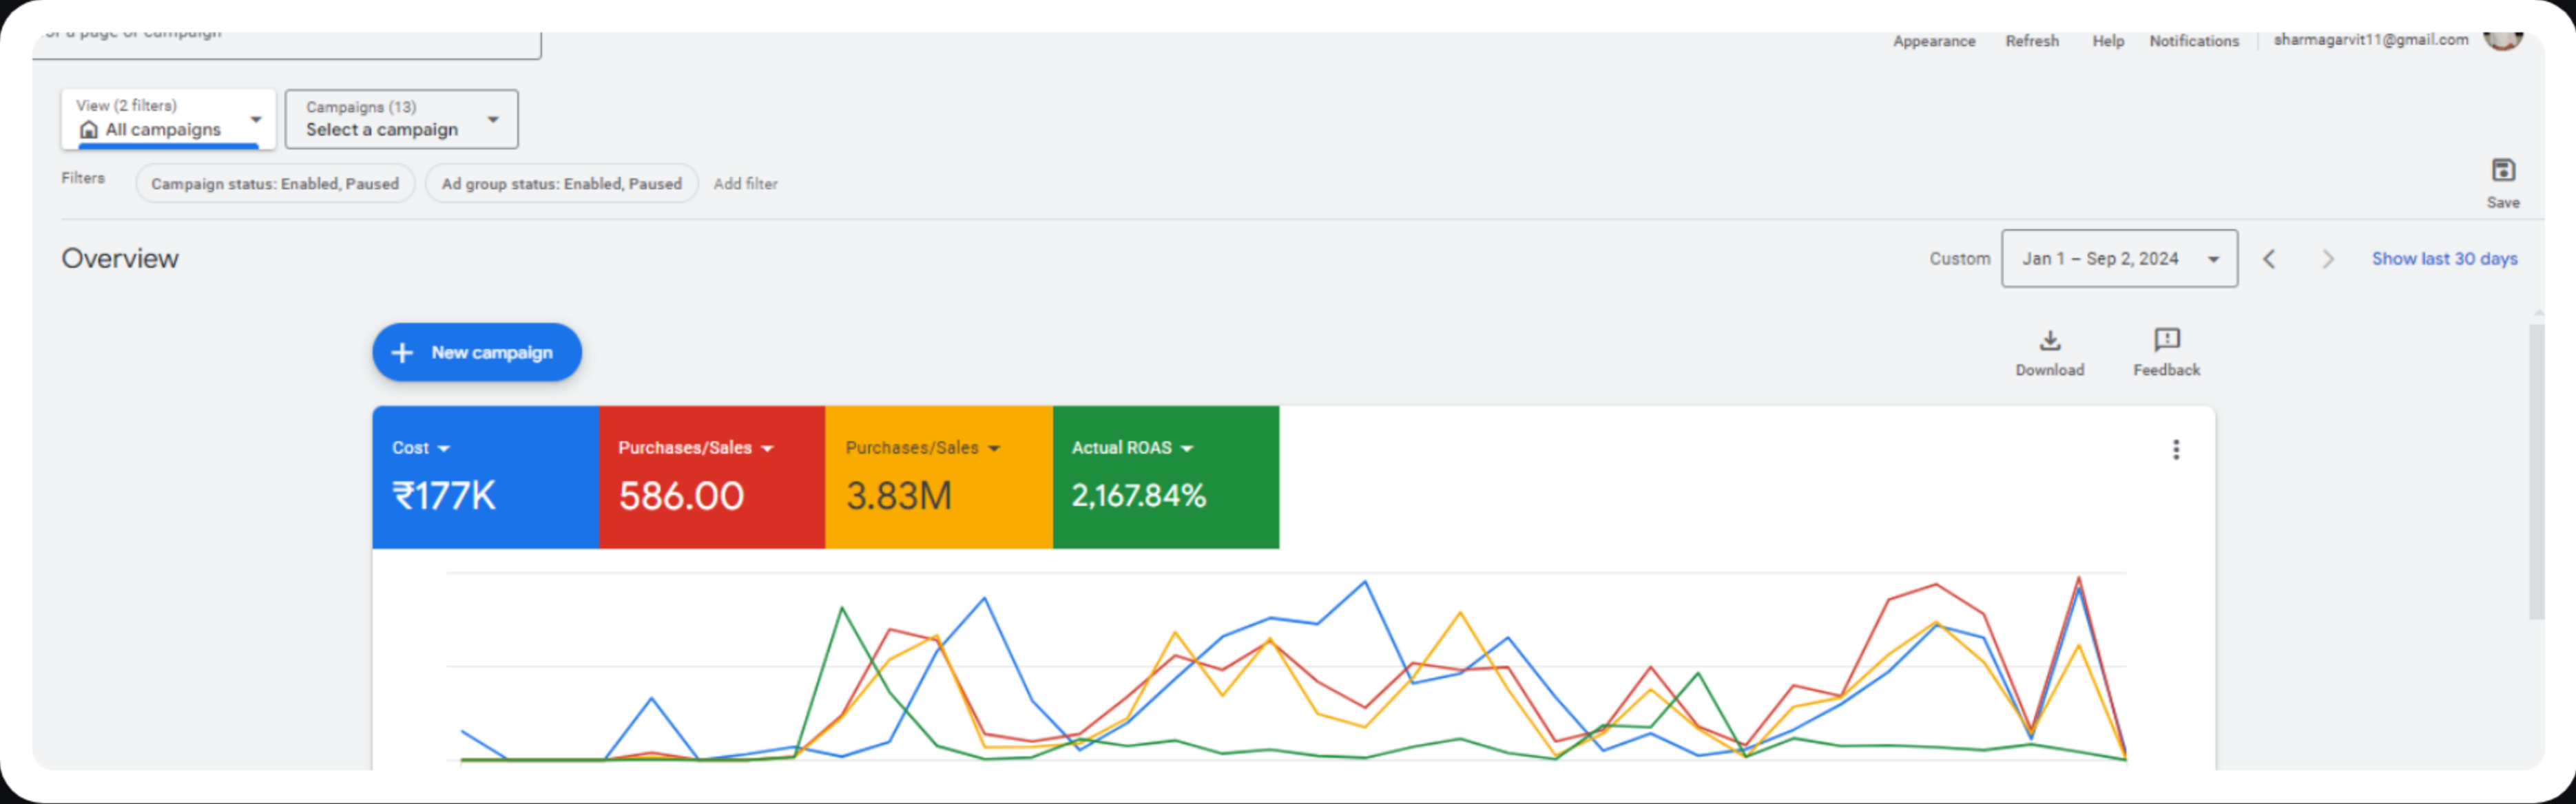

₹1 IN. **₹21** OUT.

Not “reach.” Not “impressions.” The one number that actually lands in the bank — and the screenshots to back it. Swipe. →

— ONE ACCOUNT · JAN-SEP 2024

₹1.77L SPENT. **₹38L** BACK.

21.6x over 9 months. My real dashboard — email in the corner. Now the part most agencies go quiet about 📌

— THE PART THEY SKIP

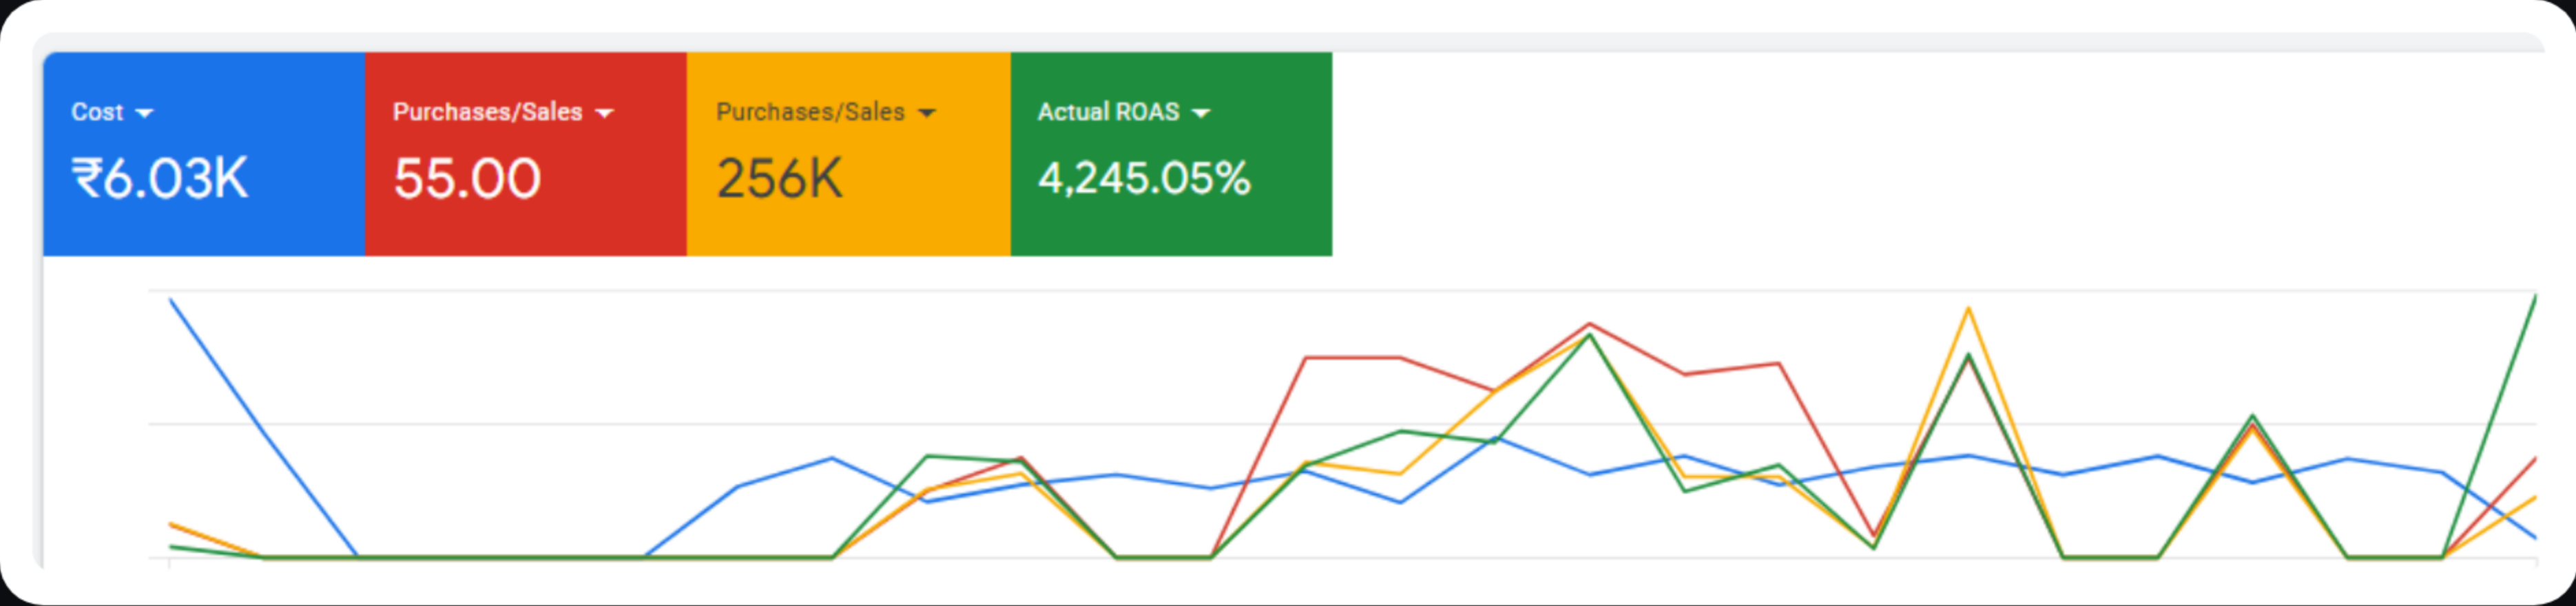

ANYONE CAN SHOW A NUMBER. FEW SHOW THE **HOW.**

No hacks. No “secret audience.” Just 4 boring habits I run on every account. Here are 3, with the receipts.

HABIT 01

FEED WINNERS. **STARVE** THE REST.

One month: ₹6K in → ₹2.5L back (42x). Not luck — budget only ever flowed to what was already working.

HABIT 02

READ ROAS BY CAMPAIGN.

Same month, one campaign hit 50x while others lagged. The account “average” hides your real winners. (Meta — names blurred, numbers real.)

Last month: Oct 1, 2024 – Oct 31, 2024

JUST SHOW UP, EVERY MONTH.

No viral spike. Month after month of small, unglamorous decisions — that’s the whole “secret.”

I MAKE AD SPEND **PAY** **FOR ITSELF.**
